Travel Policy

The CEL College of Nursing at Florida Atlantic University faculty assigned teaching responsibilities at a campus other than their home campus will be reimbursed for this intercampus travel, if the travel exceeds their normal commute. If the latter is the case, mileage needs to be computed from their home campus and the campus where they have been assigned to teach or from their personal residence and the campus where they have been assigned to teach, whichever is the shorter distance. The current rate of reimbursement is \$.445 per mile. At the beginning of the semester the faculty member should complete the **Travel Request Form** identifying the course and the number of round trips the course will require. This form should then be submitted to the Associate Director of Business Operations and Logistical Partnerships.

The Associate Director of Business Operations and Logistical Partnerships will submit a Blanket Spend Authorization for the employee to encumber the funds and will also provide the individual with a **Travel Reimbursement Form** to track the mileage. At the end of the semester, the faculty member will submit the Travel Reimbursement form to the Associate Director of Business Operations and Logistical Partnerships who will in turn submit the form via an Expense Report for processing. Payments are received through direct deposit payments.

A **Travel Request Form** should be completed and forwarded to the Associate Director of Business Operations and Logistical Partnerships 2 weeks prior to the trip.

Conference Travel

All conference travel must be approved by the Dean prior to making any travel arrangements. The traveler will complete a **Travel Request Form** and email it to the Associate Director of Business Operations and Logistical Partnerships. Up to the allotted travel fund amount per faculty per academic year (\$2500 for faculty, \$1000 for Instructors), the college will cover: (a) up to 100% for faculty giving podium presentations or keynote presentations; (b) up to 75-85% of conference attendance for faculty giving poster presentations; and (c) up to 50-75% of the costs for faculty attending without presenting, unless the faculty member is attending at the request of the Dean on behalf of the college for a specific purpose. Faculty who are not presenting but willing to serve as a conference exhibitor for at least 50% of exhibit times would be eligible to receive an additional 25%-50% of conference costs covered. Doctoral students are also eligible to receive conference travel assistance for helping to serve as exhibitors. Copies of accepted conference abstracts and notification/invitation letters need to be included with all travel requests.

Faculty members are responsible for paying all of their travel expenses up-front (including registration), which will be reimbursed after their trip. Conference registration fees and airfare may be reimbursed before the trip if needed. All other expenses up to the agreed upon total reimbursement should be requested upon the traveler's return. However, no more than 2 reimbursements may be submitted per trip (i.e. Faculty may submit registration/airfare for early reimbursement, but they will have to submit their remaining receipts all at once for a 2nd reimbursement if needed). If early reimbursement is not needed, faculty will submit all of their receipts at once after their trip.

If the trip is cancelled, you are “fee liable” for any early reimbursements and must reimburse the college for the funds you have received within 10 business days from the notice of cancellation (no exceptions).
