

Advanced Holistic Nursing Program

Suggested Online Course Sequence

This document is intended to serve as a planning resource for students in developing your [“Plan of Study”](#) in consultation with your academic advisor. It provides you with information as to which courses are offered online in which semester, and the sequence in which courses should be taken. Please note that currently, courses are only offered every two years, so plan accordingly.

Students may begin the program in either the Fall or Spring semester; we have provided Suggested Course Sequences below to accommodate either option.

Since many of our online students are working professionals, and would prefer to complete the degree on a part-time basis, we have provided 2 suggested sequences – one full time and one part-time.

Full- time Suggested Online Course Sequence: **Fall 2015 Start**

Course Name	Course #	Credits	Clinical Hours
FALL SEMESTER (9 credits)			
Adv. Nursing Practice: Grounded in Caring	NGR 6110	3	
Advanced Pathophysiology	NGR 6141	3	
Advanced Nursing Situations: Foundations of Holistic Nursing I	NGR 6168	3	
SPRING SEMESTER (9 credits)			
Philosophy & Theoretical Foundations of Advanced Nursing Practice Roles	NGR 6811	3	
Advanced Health Assessment	NGR 6002	2	
Health Assessment Practice	NGR 6002L	1	

Advanced Nursing Situations: Foundations of Holistic Nursing II	NGR	6169	3	
SUMMER SEMESTER (9 credits)				
Advanced Pharmacology	NGR	6172	3	
Nursing Research Evidence Based Practice	NGR	6812	3	
Developing Expertise Holistic Nursing Practicum	NGR	6296L	3	135
