DISCLOSURES

Relevant Financial Relationships

In accordance with the ANCC Standards for commercial support for continuing education, Florida Atlantic University Christine E. Lynn College of Nursing CE unit implemented mechanisms prior to the planning and implementation of the continuing education activity, to identify and resolve relevant financial relationships for all individuals in a position to control content of the course activity.

A conflict of interest is created when individuals in a position to control the content of CE have a relevant

financial relationship with a commercial interest which therefore may bias his/her opinion and teaching. This may include receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, stocks, or other financial benefits.

Florida Atlantic University Christine E. Lynne College of Nursing identifies, reviews and resolves all relevant financial relationships that speakers, authors, or planners disclose prior to an educational activity being delivered to learners. Disclosure of a relationship is not intended to suggest or condone bias in any presentation but is made to provide participants with information that might be of potential importance to their evaluation of a presentation. Florida Atlantic University Christine E. Lynn College of Nursing does not endorse any products or services.

Relevant financial relationships exist between the following individuals and commercial interests:
